To Whom It May Concern:

It is my pleasure to write this letter of recommendation for Clint Dantinne. As a teacher, counselor, and now as the International Baccalaureate Coordinator, I have worked with Clint for the past 15 years. In all endeavors I have found him to be professional, knowledgeable, and creative in making technology work for Mount Pleasant High School.

Clint first came to Mount Pleasant to reinstate the school's FM radio station. He worked tirelessly, with little financial support, to not only bring the radio station back to life, but also to create the MPHS Broadcast Learning Center, a laboratory for students to work with television, film, web design, and journalism. Whether requesting updates for the IB web site, recordings for IB oral assessments, or a DJ for a school function, Clint has always been accommodating. I don't ever remember him saying "no" to any request made.

Mount Pleasant High School has a long and rich history. As the founder of the MPHS Historical Society, Clint volunteered to chair the 175th Anniversary Celebration. Clint's planning was meticulous and every detail of the event—from a dinner to a historical marker dedication—was well planned and well executed. Without his leadership, I doubt there would be a marker in the community, and the school staff still wears shirts and uses podium banners that reflect the event.

While not personally trained in the field, I believe Clint Dantinne has the education, experience, and motivation to be successful in myriad broadcast journalism/web design positions. He sets goals and systematically goes about achieving them. It will be a lucky organization that has the foresight to employ him!

Sincerely,

Lynn E. Wright
